

Expanding Welding Training Capacity & Jobs in the Roanoke Valley

Botetourt County Economic Development Authority

Botetourt Technical Education Center, Counties of Alleghany, Botetourt, Roanoke, and Cities of Roanoke and Salem, but should expand to include all of Region 2 with increased program awareness

Enhancing the region's capacity to train and prepare welders.

Expanding Welding Training Capacity & Jobs in the Roanoke Valley is supporting the installation of ten new welding booths at the Botetourt Technical Education Center's (BTEC) campus in Fincastle. This expansion is projected to deliver forty-five new welders to the regional workforce over the initial three-year project term.
