

*The Virginia Tech Department of Computer Science
Counties of Botetourt and Pulaski, and the city of Roanoke*

Project Start Date: 10/1/2022
Project End Date: 3/30/2025

Helping diverse groups of local entrepreneurs, students, and faculty generate innovative ideas.

The Virginia Tech Department of Computer Science, in partnership with the Virginia Tech Office of Research and Innovation, the Virginia Tech Corporate Research Center and the Roanoke Blacksburg Technology Council (RBTC), is working to establish a computer science focused entrepreneurial hub for pre-launch and new founders in highly specialized areas such as cybersecurity, blockchain, cloud and quantum computing, artificial intelligence, and systems integration.
