

Regional Career and Technical Education Study

*Western Virginia Workforce Development Board
Roanoke Valley Alleghany Regional Commission
Counties of Roanoke, Botetourt, & Franklin; City of Salem
Public Schools of Roanoke County, Salem, Alleghany, Covington, Botetourt, Franklin*

Career and Technical Education is critical for growing the pipeline of skilled workers in our region. Before developing new strategies, it is important to understand what exists, what is working, and what can be improved.

The Regional Career and Technical Education Study works through The Western Virginia Workforce Development Board to increase the availability and alignment of CTE programs in the region. The study is evaluating previously completed studies of CTE programs, existing conditions for CTE centers and recommending next steps to improve CTE programs in the region.

PRODUCTS

-  Evaluation of previous CTE studies
-  Evaluation of existing CTE centers
-  Analysis of alignment with business needs
-  Recommendations for alignment of CTE programs
