

Regional Acceleration and Mentorship Program (RAMP) Expansion

Roanoke-Blacksburg Technology Council

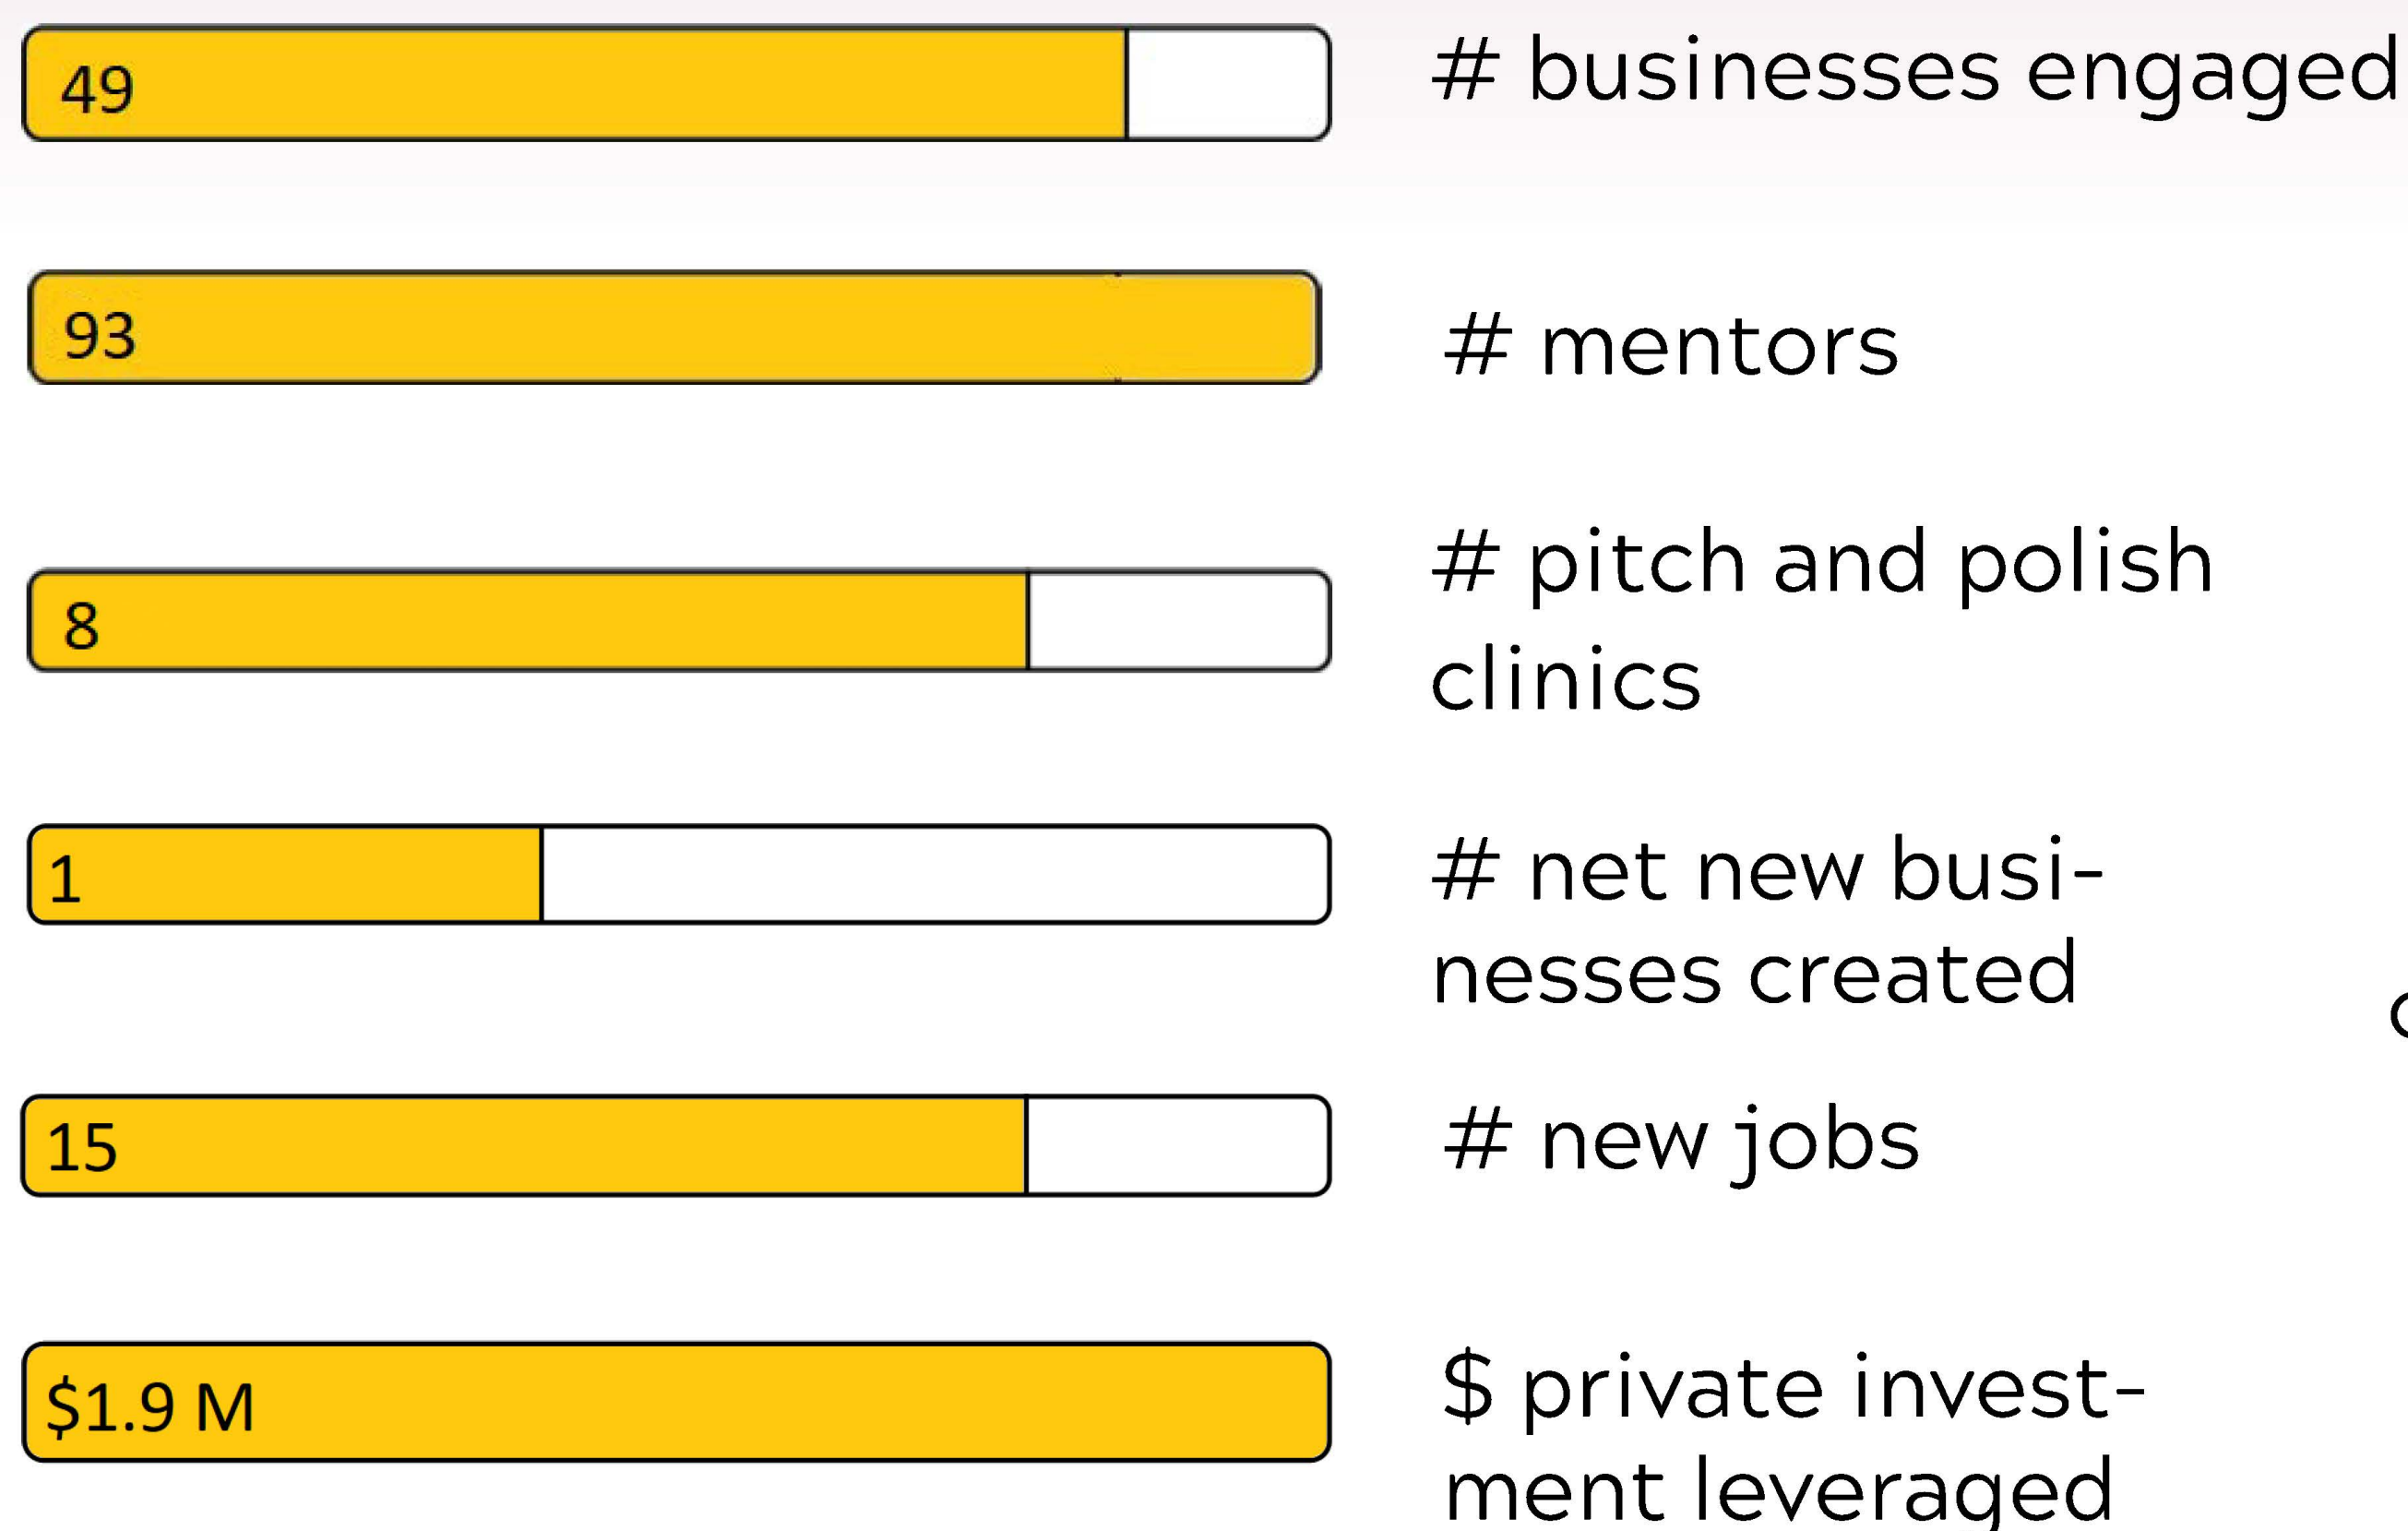

Cities of Lynchburg, Roanoke, and Salem; the Counties of Montgomery and Roanoke; Town of Blacksburg
BB&T, Corvesta Inc., First Bank & Trust, Freedom First Credit Union, Gentry Locke, Hometown Bank, Member One Federal Credit Union, National Bank, Richfield Living, Spilman Thomas & Battle, Union First Market Bank, United Parcel Service, and Wood Rogers PLC

Accelerating the pace of new high-tech business growth and strengthening the entrepreneurial ecosystem through cohort programming, pitch and polish clinics, and mentor matches.

Regional Acceleration and Mentorship Program (RAMP) assists technology-based startups with access to classroom education, mentoring, and assistance in identifying capital. RAMP works to build a diverse mentor network, provide mentors and entrepreneurs with education and tools to help develop, and build a pipeline of companies who wish to apply to RAMP, the region's only accelerator program. RAMP will strengthen the job and resource network in Region 2.

METRICS

“Participating in RAMP has been a game changer for Micro Harmonics. We found the help we needed, have outstanding mentors and a community of support. I highly recommend RAMP to any technology startup.”
Diane Kees, Micro Harmonics

Consider Being a RAMP Mentor!

RAMP provides Startups with the help they need to accelerate.
