# Region 2 Talent Pathways Initiative (TPI) Planning Application

Virginia Tech Center for Economic and Community Engagement

All GO Virginia Region 2 localities

Project Start Date: 11/20/2023
Project End Date: 11/20/2024

Developing an understanding of the needs to grow a pool of specialized talent for Life Sciences & Biotechnology and Transportation, Manufacturing, & Autonomy

The Talent Pathways Initiative is developing industry coalitions that engage workforce system partners to guide and advise on the planning elements, completing a quantitative and qualitative situational analysis of workforce needs, identifying skills and training needed for people to fill jobs in the clusters, and supporting highest-impact pathway projects for future implementation.
