Boosting new business growth in the New River Valley through one-on-one counseling, workshops, and partnerships with regional partner organizations.

Roanoke Regional Small Business Development Center (SBDC) will provide small business counseling, training, and business resources to the New River Valley (NRV) region and deliver new programs and services that are tailored to the specific needs of NRV small businesses and Region 2 GOVA strategies. This project provides the resources to dedicate a full-time Business Advisor to serve the New River Valley exclusively, devoting time and effort to serving NRV businesses and rebuilding the relationships between NRV communities and the SBDC network.

“We, through providing a location for SBDC and the expertise of our faculty and students, are helping the SBDC serve the community, which in turn sparks economic growth, which benefits everyone. We provide opportunities and a world-class education to our students and simultaneously, a home to one of the most important economic development offices in our country.” - Joyendu Bhadury, Professor and Dean, Davis College of Business and Economics, Radford University
